

Why Indo-European Education Foundation (IEEF) ?

- The knowledge of India in Poland, and Poland in India is quite limited.
- It has been seen that at majority in Polish universities classical Indian studies are predominant, then contemporary study and Real India of 21st Century.
- In Central and Eastern Europe there is no research Centre concerning modern India, which can support and give strength to Indo-Polish cooperation in various sectors- education, socio-economic, corporate/ Industries etc.
- Despite significant number of university's departments dealing with oriental studies, there is very poor level of educational and business cooperation between Poland and India.
- Polish and Indian societies increasingly look forward towards various sectors such as social, cultural, legal, educational and corporates.
- Various Industries, Organizations (governmental and non-governmental), Universities, and Individuals will require professional support to the understanding of complexities of Indian business as well as Polish approach.

Our commitments

- Establish a bridge between India, Poland and EU for academic cooperation and uplift political, cultural, and social-economic relationships with broad objectives of developing, promoting and supporting students, scholars and industries from both the continents.
- Unique institutional Platform between Poland, India, and the European Union, to foster civil society dialogue and cooperation between individuals, enterprises, academia, research institutions, GOs and NGOs.
- To foster opportunities for Polish (EU) and Indian universities for collaborative research & publications.
- To support and advice to the Polish Universities (public & private) regarding new cooperation & research with Indian Universities.
- To promote scientific development to meet the challenges and expectations of researchers.
- To co-operation with local authorities, general government, universities, state organizations, social and religious organizations, individuals and legal entities in the country and abroad.
- To support for the development and promotion of education, culture, arts and heritage for Poland in India, and India in Poland (EU).

Strategic targets for 2015

- Launch CET-India TEST for Students Recruitment for Polish Universities.
- Reaching 30 to 1000 students in total enrollment/per year from Indian Regions to Polish/EU Universities.
- Rising to top 4 Service Provider in Central and Eastern Europe: By CEE Shared Services and Outsourcing.
- To become a platform for more than 100+ universities and 500+ Companies from Poland, India and EU.
- To bring Indian Investment to Poland and help Polish Business in India as well as Indian business in Poland.
- Launch programs in the interest of Academia and Industries.
- Global Internship Program for students with Indian/Polish/MNCs either in India or Poland.
